

IADIS Multi Conference on Computer Science and Information Systems 2008

The IADIS Multi Conference on Computer Science and Information Systems (MCCSIS 2008) was held in Amsterdam, Netherlands, 22-27 July, 2008.

This Conference addressed two main subjects: Computer Science and Information Systems. The Multi Conference was organized into thirteen conferences according to several themes and it aimed to cover both technical as well non-technological issues related to developments within Computer Science and Information Systems.

The following thirteen conferences were part of the MCCSIS 2008:

- e-Learning
- Intelligent Systems and Agents
- Wireless Applications and Computing
- Gaming
- Visual Communication
- ICT, Society, and Human Beings
- Web Based Communities
- Interfaces and Human Computer Interaction
- Data Mining
- Telecommunications, Networks and Systems
- Informatics
- e-Commerce
- Computer Graphics and Visualization

Also part of MCCSIS 2008 was the Postgraduate Summer School on Computer Science and Information Systems 2008.

The MCCSIS had a total of 1211 submissions from around the world. The Conference comprised invited talks and oral presentations.

The IADIS Multi Conference on Computer Science and Information Systems 2008 (MCCSIS 2008) tried to be a forum to gather researchers in the core areas of both Computer Science and Information Systems

The Multi Conference offered 20 Keynote Lectures to their participants.
