IADIS Multi Conference on Computer Science and Information Systems 2009

The IADIS Multi Conference on Computer Science and Information Systems (MCCSIS 2009) was hosted in Algarve, Portugal, 17-23 June, 2009.

This Conference addressed two main subjects: Computer Science and Information Systems. The Multi Conference was organized into fifteen conferences according to several themes and it aimed to cover both technical as well non-technological issues related to developments within Computer Science and Information Systems.

The following fifteen conferences were part of the MCCSIS 2009:

- e-Learning
- Intelligent Systems and Agents
- Wireless Applications and Computing
- Game and Entertainment Technologies
- Visual Communication: Creative Industries, Photography and Culture
- ICT, Society, and Human Beings
- Web Based Communities
- Interfaces and Human Computer Interaction
- Data Mining
- Telecommunications, Networks and Systems
- Informatics
- e-Commerce
- Computer Graphics, Visualization, Computer Vision and Image Processing
- Web Virtual Reality and Three-Dimensional Worlds
- e-Health

Also part of MCCSIS was the Postgraduate Summer School on Computer Science and Information Systems 2009.

The MCCSIS 2009 had a total of 1131 submissions from around the world. The Conference comprised invited talks and oral presentations.

The IADIS Multi Conference on Computer Science and Information Systems 2009 tried to be a forum to gather researchers in the core areas of both Computer Science and Information Systems

The Multi Conference offered 17 Keynote Lectures to their participants.
